Attention, Parents! We will be having a Career Day here at Craig on Monday, May 11, 2015! This event will give our students the opportunity to not only learn about the variety of careers available for them to pursue, but it will also allow them to hear, straight from PROFESSIONALS LIKE YOU, what is required from them in school to become what they want to be as adults. There are 17 career clusters/categories identified by the state of Georgia, and we would love to have at least one representative from each cluster be able to address the students. So, if you have a PASSION for your career and want to get some students excited about it as well, please email [Pam Perry](mailto:Pam.Perry) and state your name, career cluster, and occupation. Thanks in advance for making this Career Day a success!
